DETAILED ACTION

Response to Amendment/Arguments

1. The applicant's amendments and arguments have overcome previous ODP, 102 and 112 rejections. The applicant has corrected issues previously presented by the examiner. The applicant's amendments now exclude the use of free hydroxylamine and fluoride ions. Such limitation were not found either in the prior art or the applicant's previous applications and patents. As such previous ODP rejections are withdrawn.

EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

The application has been amended as follows:

On page 1 of the specification, paragraph 1, line 2, after the phrase "June 6, 2002," please insert the following --now United States Patent 6,825,156,--

On page 1 of the specification, paragraph 1, line 4, after the phrase "November 20, 2001," please insert the following --now abandoned,--

REASONS FOR ALLOWANCE

2. The following is an examiner's statement of reasons for allowance:
3. The applicant's claims now require a specific amount of diethylhydroxylamine, specific alkanolamines compounds, and the negative limitation which excludes the inclusion of free water and fluoride ions. The prior art of record fails to teach or suggest these newly added limitations nor would it have been obvious to modify the prior art to achieve the instant features. As such the instant claims are found to be allowable.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Gregory E. Webb whose telephone number is 571-272-1325. The examiner can normally be reached on 9:00-17:30 (m-f).
